FOURTH REGIMENT WILL GO INTO CAMP

Adjutant General Hall Has Completed Arrangements for Annual Meet at Fremont.

FIFTH MAY CAMP AT HASTINGS

(From a Staff Correspondent.) LINCOLN, July 1.—(Special.)—Adjutant General Phil Hall has about completed arrangements for an encampment of the Fourth regiment of the Nebraska National Guard at Fremont from August 30 to 15.

He went to Hastings today to see what could be done for an encampment of the Fifth regiment at that place some time during August.

General Hall has received a message from the adjutant general of the Illinois guard asking for permission of the First regiment of that state to pass through Nebraska on its way to the Panama-Pacific exposition and authority to do so at points in the state for parade purposes.

He also asks if there are any state laws prohibiting the loading of the horses of the officers.

General Hall will take the matter up with Governor Morehead and State Veterinarian Anderson.

State's Showing Good. Chairman Henry T. Clarke of the State Railway commission is back from the interstate hearings at Washington and says that Attorney Smith of Omaha, special counsel in the cases for the state, is well satisfied with the showing made by the state.

Kennedy is Chairman. It is now Chairman Howard Kennedy of the State Board of Control, Chairman Holcomb stepping down this morning to the ranks of the privates by virtue of the law which provides that a change shall take place each two years and that the outgoing commissioner shall serve as chairman for the last two years of his term. It is probable that there will be no changes made in the working force, but there may be some changes in the conduct of the business of the office, following out Judge Kennedy's ideas in the matter.

Change to National Bank. The First National, formerly the First National, has changed to a state bank, with a capital of \$35,000. The officers are August Sudman, president; G. E. Melvin, vice president, and Robert A. Day, cashier.

Stromburg Opposed to War. Victor Wilson of Stromburg, banker-statesman-soldier, was at the state house this morning exhibiting the copy of a letter written to President Wilson by him in which he informed the president that the people around Stromburg were opposed to the administration doing anything which might bring on war. He told the president that there was nothing in the situation to justify the president taking any step which might lead to a conflict with Germany and that was the sentiment of the friends of the allies. He signed the letter as an ex-member of the legislature, banker, delegate to the Baltimore convention and survivor of the Spanish-American war.

Oh, You Limerick! Those Prizes Are Mighty Tempting

Limerick—A limerick is a combination of rhyming lines of the doggerel type, in which the first and second lines coincide, the third and the fourth.

But who cares what the dictionary says? Everybody knows anyway. And, besides, that's not the point. Buffalo Bill, who you know, with all his Indians and soldiers and old Deadwood stage coaches and clowns and caustic ironies and everything else is coming to Omaha for a one day's stay at Twenty-first and Paul street, Thursday, July 5, with the Sells Floto show. And since everybody loves Buffalo Bill, The Bee has started this contest.

The best limerick will receive a prize of \$15. The second best will draw \$10, the next \$5 and \$3 and the next \$1 each. The fifteen next best will get a pair of reserved seat tickets to the circus, while the twenty following will receive one ticket apiece.

Of course, there are conditions, but they're slight. The subject of the limerick must be Buffalo Bill. The manner of writings may be serious, funny, clever—anything but derisive. The effort must reach the contest editor of The Bee not later than Monday midnight, July 5. Awards announced in The Bee July 7. All set, then start on those limericks!

Minions of King Ak Are Gathered in by Thousands

There are 2,350 paid up and accredited Knights of Ak-Sar-Ben to date. This was reported at the meeting of the membership hustling committee after a luncheon Thursday noon at Gannon's cafe. At this time a year ago there were 2,191 members.

Of the 2,350 members this year the hustling committee has brought in 772. Everett Buckingham, president of the board of governors, attended the meeting and praised the committee for the work accomplished thus far.

"We need no further evidence of the quality of men this committee is composed of," said Mr. Buckingham, "than the total figures that show the work they are doing. Those figures speak for themselves. I am well pleased. I want to say that we can get along without a board of governors and such ornaments as that, but you are the fellows who do the work, and we would amount to very little if it were not for the working crew at the den and you workers of the hustling committee who bring in the members."

Charley Black, former king of Ak-Sar-Ben, was present at the meeting and gave the boys a little history of the organization, going over amusing incidents of the initiations the first year of the existence of the organization. He said no one dreamed at that time of the magnitude the organization has now attained.
